Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A female applicant seeking a loan	Get quick approval for an education loan	Have a low credit history score	Recently graduated with limited income proof.	Anxious about rejection
PS-2	A self-employed applicant from a rural area	Secure a home loan	Have an irregular monthly income	income comes from seasonal business	Uncertain whether the system will fairly evaluate them
