

## Initial Project Planning Template

|               |              |
|---------------|--------------|
| Date          | 2 July 2026  |
| Team ID       | xxxxxx       |
| Project Name  | Smart Lender |
| Maximum Marks | 5 Marks      |

### Product Backlog, Sprint Schedule, and Estimation (4 Marks)

Use the below template to create a product backlog and sprint schedule

| Sprint   | Functional Requirement (Epic)         | User Story Number | User Story / Task                                                                                    | Story Points | Priority | Team Members                                                 | Sprint Start Date | Sprint End Date (Planned ) |
|----------|---------------------------------------|-------------------|------------------------------------------------------------------------------------------------------|--------------|----------|--------------------------------------------------------------|-------------------|----------------------------|
| Sprint-1 | Project Planning & Dataset Collection | USN-1             | As a developer, I want to collect and understand the loan eligibility dataset for model development. | 2            | High     | Satya Lakshmi<br>Mohith Imandi,<br>Ryali Sri Mani<br>Deepika | 29-06-2026        | 29-06-2026                 |
| Sprint-1 | Data Preprocessing & EDA              | USN-2             | As a developer, I want to clean, preprocess, and visualize the dataset for machine learning.         | 3            | High     | Jonna Veeralokesh,<br>Gagguturi Sania                        | 30-06-2026        | 30-06-2026                 |
| Sprint-2 | Machine Learning Model Development    | USN-3             | As a developer, I want to train and compare Decision Tree, Random Forest, KNN, and XGBoost models.   | 5            | Low      | Satya Lakshmi<br>Mohith Imandi,<br>Gagguturi Sania           | 01-07-2026        | 01-07-2026                 |
| Sprint-2 | Model Evaluation                      | USN-4             | As a developer, I want to evaluate all models and select the best-performing model for deployment.   | 2            | Medium   | Ryali Sri Mani<br>Deepik ,<br>Jonna Veeralokesh              | 02-07-2026        | 02-07-2026                 |
| Sprint-3 | Flask Web Application Development     | USN-5             | As a user, I want to enter applicant details and receive instant loan eligibility                    | 5            | High     | Satya Lakshmi<br>Mohith Imandi,<br>Ryali Sri Mani            | 03-07-2026        | 03-07-2026                 |

|          |                                   |       |                                                                                                                             |   |      |                                    |            |            |
|----------|-----------------------------------|-------|-----------------------------------------------------------------------------------------------------------------------------|---|------|------------------------------------|------------|------------|
|          |                                   |       | predictions.                                                                                                                |   |      | Deepika                            |            |            |
| Sprint-3 | Testing & Hugging Face Deployment | USN-6 | As a developer, I want to test the application, fix bugs, and deploy SmartLender on Hugging Face before project submission. | 3 | High | Jonna Veeralokesh, Gagguturi Sania | 03-07-2026 | 03-07-2026 |
